- Digital Workplace Services Competency
- Small and Medium Business Services Competency

About us — We help companies launch, migrate, and optimise on AWS — and we don't just build platforms, we manage them so you can focus on your business.

WHY START HERE

Move your AWS billing through us. You save 5% on day one. Guaranteed. The more you consolidate, the more you save — up to 7%.

SIX WAYS IN — PICK THE ONE THAT FITS

ZERO RISK

The Free Agent

We build your first AI agent for free — tied to a KPI you choose. If it doesn't deliver, you pay nothing. Hit it, we're your AWS team.

✓ Free AI agent build · 5% bill saving on day one

INSTANT SAVINGS

The Risk Reversal

Move billing to us, save 5% instantly. We run a full Well-Architected Review. Don't find £10k+ in savings — we move your billing back.

✓ Free WAR · £10k+ savings guarantee

AWS-FUNDED

The Migration Bet

We fund your first workload migration with AWS partner credits. Pay nothing until you're live. Then we manage it — bill drops 5%.

✓ £0 upfront · AWS credits funded

30-DAY GUARANTEE

The Platform Guarantee

We build your platform foundation: pipelines, containers, infrastructure as code. If your team isn't deploying faster within 30 days, you get a full refund.

✓ Full refund if no improvement in 30 days

40% COST CUT

The Connect Switch

We model your contact centre costs against AWS Connect. No savings, no obligation. Savings confirmed — we build a free PoC to prove it.

✓ Free cost model · first queue migrated free

FREE ASSESSMENT

The Security Wake-Up

Free security posture assessment. IAM, networking, encryption, compliance. Don't find 3 critical risks — we walk. We will find them.

✓ Prioritised remediation plan included

HOW IT WORKS

1

Pick Your Offer

Choose the engagement that fits your biggest pain point. Every offer is zero-risk — you only pay when we deliver.

2

Move Billing, Save 5%

Consolidate your AWS spend through us. Instant 5% discount on your bill — scales to 7% as you grow.

3

We Become Your Team

Ongoing management, optimisation, and support. No hiring, no overhead — just results.

WHY RAMBUNCT

AI

Production AI agents, not just prototypes. We build and run them.

DevOps

CI/CD, containers, IaC — we build platforms that ship faster.

Digital Workplace

Cloud desktops, contact centres, app streaming — end-user compute sorted.

SMB Specialist

Built for growing companies. Enterprise capability, startup speed.

Security-First

Every engagement starts with a security baseline. No exceptions.

Cost Optimisation

We don't just build — we find waste and cut your bill.
